Autobiography

My name is Rostyslav Lykhopoi. I'm 35 years old. I was born in Ukraine. My mother retired, my father died. I have a wife. She is kind and loves caring for animals as much as I do.

From 1990 to 2001 I was studying at secondary school. After school I worked on the plant as a worker.

From January 2007 to August 2008 I worked on a dairy farm. Employer: Per Davidsen, address Ribersvej 3, Grindsted, Denmark. There I was doing different job like milking cows, observation of cows and heifers, registration, cleaning, taking care of calves, feeding calves, cleaning, mixing food and feeding cows, installation of electrical fences.

From March 2009 to May 2015 I worked on a dairy farm in Denmark. Employer: Haugard Iller I/S address Nedermarkvej 5, Ansby. My main responsibilities were milking cows, observing of cows and heifers, treatment, registration, cleaning, mixing food and feeding cows, installation of electrical fences, transportation of animals.

Having got some experience in animal care, I made it a top priority and entered Agrarian lyceum in September 2015. There I got three-year course in veterinary. I received my vet diploma in June 2018.

During studying I went to Denmark for practice. From January 2016 to March 2018 I trained on a dairy farm there. Employer: Bomann Agro address Nedermarkvej 5, Ansby. My main responsibilities were milking cows, doing milking test, treatment, cleaning, mixing and feeding cows, installation of electrical fences, transportation of animals, hoof cleaning.

Having got the diploma of vet, I decided to continue developing in this sphere. I went to Norway and worked there on the horse farm together with my wife. We started in June 2018 and finished in May 2019. My daily duties were feeding and handling horses, assistance to the vet, duties around the farm, cleaning and washing of stables.

I have Danish driving licence category B and can drive all types of tractors, all types of loaders and all types of bobcats.

I have good English language and speak a little bit Danish. It will help me in learning Norwegian. Also speak Ukrainian and Russian.

Currently I am looking for a job where I could apply my skills and get new ones. Farming is not developed in Ukraine that's why I am forced to search work abroad. I would like to continue working in Norway as I liked this country. I would like to get a job on a dairy farm with my wife, since we both have veterinary education and can do farm work.

Regards,

Rostyslav
