Equipment experience	Milking machines(good), Tractor(satisfactory)
6.Hobbies and interests	Playing football, travelling, listening to music
7.Job start date	As soon as possible

Autobiography

My name is Ihor. I'm 32 years old. I live in Ukraine in a small town with my family. It is not big, just father, mother, an elder brother and me. My father works as a truck driver, my mom is a housewife. I'm not married. My height is 183 cm, my weight is 85 kg.

In my childhood I was fond of sports. I spent a lot of time studying English. Also I devoted a lot of my time to helping my parents with household. We always had some domestic animals at home such as pigs and a cow. I helped with feeding, watering, cleaning and making hay for winter. Also I always took part in maintaining our house and yard.

After school I worked as a loader in the supermarket, then I served in the Armed Forces of Ukraine from 2006 till 2008. After coming back home I continued working as a loader but some time later I decided to get the specialization of a carpenter.

From 2009 to 2012 I was studying in the Vocational Agrarian Lyceum on the faculty of construction - specialization of carpentry. There I had some practice during training where my duties were connected with using, supplying materials and tools, cleaning work area and equipment, maintaining a clean and safe job sites.

From April 2011 till July 2012 I worked at a dairy farm in Denmark. My duties were connected with milking, feeding, mixing food, cleaning of milking equipment, cleaning and disinfecting of stables, driving a tractor.

After coming back to Ukraine, I went to Poland and found a job there. I worked as a loader in the store. Another time I worked in Poland with a brigade. We laid paving slab on the territories of private and blocked houses, supermarkets.

From October 2018 to October 2019 I worked as a trainee in Norway on the dairy farm. I am very satisfied with this experience, because I dealt with modern approach to farming and got new skills and knowledge.

I can speak English, Russian and Polish. My native language is Ukrainian. I have a driving license and drive a car and a tractor. I have such hobbies as playing football, travelling, listening to music.

Now I am looking for a job in Norway in the sphere of construction. As I have the skills in it, I am sure that I can be useful at the work from the one side, and the job can be useful for me as a chance of getting new experience from the other hand. That's why I would be grateful for the opportunity to work in Norway as a worker in construction.

Regards,

Ihor
