My name is levgenii. I'm 28 years old. I was born in Kherson city (Ukraine). I have a small family. My father Serhii works for the foundry company as an engineer and my mother Larysa works as an accountant. I'm not married.

My height is 185cm, weight 78 kg.

From my childhood I've been connected to country style of life. My grandparents had a big household where they kept domestic animals. I was used to live at my grandparents' place during my summer holidays and helped them with their household. Also I work on their land where they grew different vegetables and grass for their cows.

In 1999 I started to study secondary school where I had a great English teacher, who helped me a lot with studying this language. Now with help of the internet I leveled up my English even more, also got some computer skills.

In 2009 after school I found a job in the internet, I was a seller. But after some years of work I decided to become closer to nature.

I like agriculture. I entered Agrarian Lyceum, veterinary faculty in 2016. During my studies I had a year of practice on a modern Danish dairy farm. Rudie Goselink is a great farmer who taught me to handle the duties around the dairy farm professionally. My daily duties were:

- milking on DeLaval milk aparats,
- carrying for the young calves,
- moving calves, cows, heifers,
- cutting the tales and hair,
- feeding animals with mini-traktor,
- silage making, covering, opening,
- small repair tasks on the farm,
- working with water-pressure machine,
- cleaning boxes.

When I came back to Ukraine, I continued studying at the lyceum and graduated in 2020.

I have driving licence and can drive a car.

The languages which I can speak are Ukrainian, Russian and English.

As for my hobby I like sport, training my body in gym, can cook some delicious food from different countries. I neither drink alcohol nor smoke cigarettes.

I'm looking for a job in Norway to apply my knowledge and experience in dairy farming and get new ones. I was always in love with Scandinavian countries, so I'd like to try to live and work in Norway.

Regards,

levgenii
