Driver licence	
Equipment experience	
<b>6. Hobbies and interests</b>	
Travelling, swimming, football.	
<b>7. Job start date</b>	
As soon as possible	

# Autobiography

---

My name is Viktor. I'm 26 years old. I was born in a city. I have a big family. My father Vitalii works as a miner, my mother Olha is housewife and my younger sister studies at school. Now I am not married but I have a girlfriend, we studied and went to the practice together.

I went to school when I was seven. At school my favorite subjects were: English, Geography, Physical Education, and my parents took me to the swimming section. I gave for this sport 12 years and got master of sports.

All my childhood every summer I spent time with my parents and grandparents in the village where I helped them in agriculture and what I have been doing to this day.

After school I wanted to be independent and found a job in the restaurant as a waiter. I like to communicate with people and I like to cook, that's why I chose this profession.

But when I met my girlfriend we decided to start studying in agrarian lyceum and to devote our lives to farming.

I am an agronomist by education. I finished Agrarian lyceum, agronomy department. I was studying for three years, from 2016 to 2019.

In November 2019, I went to Denmark to get practical skills in dairy production. I worked with cows together with my girlfriend for a year. The main responsibilities that I performed on the farm were:

- feeding and watering cows,
- giving vitamins,
- giving medicine,
- making injections,
- start or stop milking,
- separating cows,
- giving straw to cows,
- cleaning inside and around the farm.

In my free time I try to play sports and spend time actively.

I speak English.

I really want to work in Norway because it is a wonderful experience. It's an opportunity to do what I can do and love. I would like to work with my girlfriend because we are interested in this and we think that such a country as Norway can give excellent knowledge and experience!

Regards,

Viktor.
