Driver licence	Car, Tractor
Equipment experience	Milking machines(good)
<b>6.Hobbies and interests</b>	Wrestling, fishing, running
<b>7.Job start date</b>	As soon as possible

## Autobiography

---

My name is Viacheslav. I am from village Khudiaky, Cherkasy region which is situated in Ukraine. I was born in 1989. I am married, my wife's name is Alona. Now we live together with my parents in the village.

My family has got a plot of land, in addition we keep cows, pigs and poultry like all residents of our village. Since my childhood I helped my parents keep our household. In spring we grow strawberries and potatoes, then we sell these products, thus we earn money. In autumn we grow, take care of and pick up apples, plums and pears. From my home practical experience I understood how much effort and diligence the profession of farmer would need. Breeding the livestock we provide our dairy and pig products with quality and safety.

In 2015 I entered Agrarian Lyceum, the faculty of veterinary and stockbreeding. During my studying I learnt a lot of useful information and got professional skills in breeding the livestock. I met many friends at the lyceum and we spent a lot of time at the training farms where we trained our skills.

I studied for 3 years and during this time I went to Denmark for an intership. There I worked at a dairy farm for 1 year. My duties included milking, cleaning of milking equipment, feeding, helping with mixing food, trimming hooves, fixing systems, doing repairs. After graduation I went again to Denmark where I worked for 17 months. At that time I was responsible for milking, feeding, vaccinating of calves, accepting of born calves, caring for them from birth to sale, assisting on the farm: roofing, concreting the floor for cows, laying drainage pipes, replacing old electrical equipment with new ones, transporting by tractor with a trailer (food, grass, hay, etc.)

I have a Danish driving license and can drive a car and a tractor. Most of free time I spend together with my wife. We adore to travel. Also I like wrestling, it is my favourite kind of sports. I am not a professional wrestler but it is my hobby. I also like fishing and running. I can do electrical installation works, welding works, construction works. I can speak English well and Russian perfectly. My native language is Ukrainian.

Now I am looking for a seasonal job in Norway. I want to adopt the farming practice of Norwegian farmers and apply my skills on practice. I believe that exchange of experience is very important for development. I would be thankful for the chance to work at one of the farms in Norway. I am a quick-learner, a hard-working and purposeful person who is ready to make efforts for getting results.

Best regards,

Viacheslav
