Equipment experience	Milking machines(good)
<b>6. Hobbies and interests</b>	
Reading, music, movies, gaming, programming, repairing	
<b>7. Job start date</b>	
As soon as possible	

# Autobiography

---

My name is Yevhenii and I was born in 1996 in Luhansk, Ukraine. But later in 2004 we moved to Kyiv. My father has his own car repairing business, mother works as a furniture sales manager. Also I have a brother who works as a content manager at online store. I am not married, but have a girlfriend.

My height is 175 cm, my weight is 67.

Since childhood every summer I helped my grandparents look after the animals. The livestock of grandparents consisted of two cows, some pigs and poultry. Also my father and grandfather taught me help them with building and repairing cars.

In 2017 I entered Vocational Agrarian Lyceum on the faculty of veterinary and stockbreeding and graduated it in December 2020. In the lyceum I had some practice at a livestock training farm. I was trained to work with animals in the team of professionals. I did feeding, watering, cleaning and disinfecting.

From May 2019 to December 2020 I was doing an internship in Denmark on the dairy farm. I got very important experience performing such duties as milking, cleaning, giving birth, moving cows between groups, feeding cows and calves, preparing feed for cows, mowing the grass, opening silos, various physical jobs, working with a mini-tractor, working with a tractor with a trailer and other accompanying works.

I have a good command of English. I learned English by myself by reading books, watching videos and communicating with English-speaking people. I speak Russian perfectly and Ukrainian is my native. I also understand a little bit Polish and Norwegian. I like driving and have a driving license. My hobbies are reading books, music, movies, repairing electronics and other things, gaming and programming.

In Norway I want to gain experience of working at a livestock farm with the latest equipment and European standards and apply my gained knowledge and skills on practice. Also I want to get acquainted with Norwegian culture and life style and meet new people. I would be thankful for the opportunity to work as a skilled worker on the dairy farm.

Regards,

Yevhenii
