| 6. Hobbies and interests | |
| Gardening, cooking, playing softball, driving, travelling, exploring other cultures, camping | |
| 7. Job start date | |
| As soon as possible | |

Autobiography

My name is Brigette Lei Ipac, 24 years old, I was born on the 29-th of April 1998. I am the eldest of 3 siblings in family. Now I am currently residing at Bacsay Camiling Tarlac, the Republic of the Philippines.

My parents Brigido Ipac and Lorelei are both local farmers. My family has a mini farm where we keep cows, pigs, chickens. Since my childhood I have been helping my parents. I am glad to get a lot of usefull experience while working with our domestic animals. That is why after finishing secondary school I decided to connect my life with agriculture.

Through their hardworks my parents were able to help me in finishing my studies in the university. I graduated in 2020 at Tarlac Agricultural University with a degree of Bachelor in Animal Science.

Before the graduation I had a job training at dairy farm for 2 months where my job included dairy farm works like feed-mixing; milking pregnancy diagnosis, milk packaging, ear tagging and disbudding etc, and got my NC II-Tesda for Animal Production (Ruminants).

Then I got a great opportunity to have a foreign internship. I was chosen as one of the student to undergo a job training in Israel for 1 year. I was so happy to get a possibility to develop myself. I was working at the sheep farm where I performed different assignments which includes

- milking, feeding,
- ultrasound,mastitis test
- assisting in lambing
- breeding management
- vaccination, injecting (antibiotics)
- ear tagging, tail docking, hoof trimming
- putting and removing of Cedar (Controlled Internal Drug Release)
- record keeping, collecting of colostrum
- esophageal tube feeding
- feeding of lambs, weighing of lambs
- dipping of iodine solution

In that role the major accomplishment that I am most proud of was I was able to used my time properly, work passionately and love what I am doing just as if I am enjoying it every single day.

In 2020 just after my graduation, I was working in the Office of the Provincial Agriculture as an Admin Aide 1 and attended trainings and seminars which enhanced my skills in paper works and how to deal with different kind of people.

I can speak English well. I have a driving lisenca and can drive a car.

As for my interests I enjoy gardening, cooking, playing softball, driving, travelling, exploring other cultures, camping

I do have a lot of dreams in life and I am working on realization of them because I really want to make my dreams come true. Now the most important dream for me to develop myself in the sphere of dairy farming. I am looking for a job at the livestock farm in Scandinavian countries and I hope to find it.

Regards, Brigette
