Equipment experience	Lorry(good), Tractor(good)
6. Hobbies and interests	Team sports, photography, reading, I volunteer at my local animal shelter.
7. Job start date	As soon as possible

Autobiography

My name is Serhii. I'm 24 years old. I was born in Zolotonosha. I have a small family. My father Serhii works as a guard and my mother Elena is a housewife. I'm married.

My height is 175 cm, weight 70 kg.

From my childhood I've been connected to country style of life. I was used to live at my grandparent's place and help them with their household where they always had some animals. My grandparents taught me how to take about domestic animals and I can feed, water, brush, and clean up after them. I really enjoyed spending time with animals!

I always was fond of veterinary, so that I decided to enter Agrarian Lyceum, veterinary department. I started to obtain my profession in 2015 and finished in 2019. During this period I have got a chance to learn more and get practical skills on the livestock farm in Denmark.

From May 2017 to May 2019 I was trained on the pig breeding Danish farm. I was amazed by all modern technical processes on the farm, because there are a small number of such farms in my native country. I was glad to cooperate with my farmer Svend Skov Poulsen, he is a real professional. Talking about my everyday duties on the farm, I did

vaccination,

treatment of sick pigs with medicines,

feeding pigs, piglets and hogs,

doing castrations ,

farrowing help, looking after newborns,

sorting, cutting of tails,

artificial insemination,

driving a tractor with trailer,

cleaning and washing stables,

doing small repairing in stables,

I have got skills in welding, too.

In Denmark I got driving licence for car and tractor, so that I am good at driving. I also have experience in transportation of loads.

As about my language skills, I can speak English well.

I like sport, especially team kinds of sport like football and volleyball.

For the moment I want to gain even more experience in the field of veterinary and discover new opportunities. I want to get a long-term job on the pig farm, because I like to work with animals. I am looking forward to become a part of the team of real specialists!

Regards,

Serhii
