Mother tongue	Ukrainian
Other language(s)	English - Good, Russian - Perfect
Driver licence	Car
Equipment experience	
6.Hobbies and interests	Drawing, boxing, reading
7.Job start date	As soon as possible

Autobiography

My name is Dmytro. I am 32 years old. I am not married. I have a small family. My mother Olena works as a nurse at a local hospital. I have an older brother. He is 34, he has his own business.

I have a good level of English, I am fond of boxing, tennis. I love to draw.

I have a driving license of category B. I can also drive a tractor, I had experience in Norway.

My family always had some domestic animals at home and also we had some land where we grew vegetables. Of course I took part in care of animals and work on our land too.

After studying at secondary school I started to work. I helped my brother with his business. Then I worked some months at a dairy farm in Ukraine. But the salary was too small and I decided to change my activity. I went to another city and found a job at the market. I worked as a seller. But after some years of work I decided to come back to farming.

From November 2010 till June 2012 I worked in Denmark at a pig farm. My duties included castration, vaccination, treatment, insemination, scanning of pregnancy, taking birth, taking care of newborns, and others.

From March 2013 till July 2014 I worked at a chicken farm in Ukraine. My duties were disinfection, sterilization of instruments and sanitary control.

In 2016 I entered Agrarian Lyceum, the faculty of agronomy. During my studies I was offered to train my skills abroad and of course I was glad and took my chance.

From June 2018 till October 2018 I had a practice period in Lofthus, Norway. It was a seasonal fruit harvesting job. My duties were:

- picking fruit,
- packing and sorting,
- other accompanying works.

In 2019, I got through a practice period at a vegetable farm in Norway. There I got skills in working with tomatoes and cucumber. My everyday duties were:

- collecting tomatoes and cucumbers,
- sorting and packing,
- driving a tractor.

Now I would like to come back to Norway to apply my skills and knowledge at a plant farm. I think this will be perfect for me because I recently received an agronomy diploma and would like to continue my professional activities.

Regards,
Dmytro
